SPRINT DELIVERY PLAN

| Sprint | Functional Requirement | Task | Team Members | Sprint End Date |
|----------|------------------------|-----------------------------------------------------|-----------------|-----------------|
| Sprint-1 | Pre-process data | Collect Dataset | Sowfiya Begam S | 29 Oct 2022 |
| | | Import required libraries | Ramya S | |
| | | Read and clean data sets | Ramya S | |
| Sprint-2 | Model building | Apply using regression model | Sowfiya Begam S | 05 Nov 2022 |
| | | Split data into independent and dependent variables | Sowfiya Begam S | |
| Sprint-3 | Application building | Build python flask application and HTML page | Savitha R | 12 Nov 2022 |
| | | Execute and test | Savitha R | |
| Sprint-4 | Training the model | Train machine learning model | Gajalakshmi R | 19 Nov 2022 |
| | | Integrate flask | Gajalakshmi R | |
